

## Daniel 15

Father, this morning we have come to give our first hour before you and to receive the word of life into our hearts like earthen vessels. Thy word is truth. There is no truth except the words of the Father. We listen to this word of truth, believe this word of truth, and walk according to it, so that when this word becomes flesh within us, it may be a day when we are clothed with holiness. Help us to live in the Word today, to live in the hope that is in the Word, and to live in the faith that is in the Word, so that we may always abide in the light, neither to the left nor to the right. Holy Spirit, teach us through the full anointing and give us wisdom and understanding, so that we may understand and do your will. With thanks, I pray in the name of the Lord Jesus Christ. Amen.

Today we are going to go into the fifth chapter of the book of Daniel. From chapter 5, verse 1, I will read a few verses. [ Belshazzar the king made a great feast to a thousand of his lords, and drank wine before the thousand.<sup>2</sup> Belshazzar, while he tasted the wine, commanded to bring the golden and silver vessels which his father Nebuchadnezzar had taken out of the temple which was in Jerusalem; that the king, and his princes, his wives, and his concubines, might drink therein.<sup>3</sup> Then they brought the golden vessels that were taken out of the temple of the house of God which was at Jerusalem; and the king, and his princes, his wives, and his concubines, drank in them.<sup>4</sup> They drank wine, and praised the gods of gold, and of silver, of brass, of iron, of wood, and of stone.<sup>5</sup> In the same hour came forth fingers of a man's hand, and wrote over against the candlestick upon the plaister of the wall of the king's palace: and the king saw the part of the hand that wrote.<sup>6</sup> Then the king's countenance was changed, and his thoughts troubled him, so that the joints of his loins were loosed, and his knees smote one against another.<sup>7</sup> The king cried aloud to bring in the astrologers, the Chaldeans, and the soothsayers. And the king spake, and said to the wise men of Babylon, Whosoever shall read this writing, and shew me the interpretation thereof, shall be clothed with scarlet, and have a chain of gold about his neck, and shall be the third ruler in the kingdom.<sup>8</sup> Then came in all the king's wise men: but they could not read the writing, nor make known to the king the interpretation thereof.<sup>9</sup> Then was king Belshazzar greatly troubled, and his countenance was changed in him, and his lords were astonished."

King Belshazzar was the last king of Babylon. Here he is Nebuchadnezzar's son, so I think he is the second king, but in the Bible, all sons, and in that case, all grandsons are sons. That's why it's actually

Historically, Belshazzar was the grandson of Nebuchadnezzar. In fact, Babylon didn't last very long, did it?

When Nebuchadnezzar died, his son, Evil-Merodach, succeeded to the throne. So, in fact, it was Evil-Merodach who finally freed King Jehoiachin of Judah from prison. Yes, there were several kings after that, and this usurpation and usurpation of this throne, but in the end, Nebuchadnezzar's grandson, Belshazzar, the last king of Babylon,

was established. We kept it authentic. So many historians try to prove that the Bible is wrong at all costs, but in the end they can't win. They can't beat God's Word. It's turned into Authenticity. Now, if we look at Jeremiah 27:6,7, it is clear that God spoke through Jeremiah. And now have I given all these lands into the hand of Nebuchadnezzar the king of Babylon, my servant; and the beasts of the field have I given him also to serve him. And all nations shall serve him, and his son, and his son's son, until the very time of his land come: and then many nations and great kings shall serve themselves of him. God Himself has spoken. What God says will come true. There was light because he said there be light. Let the earth give out all the trees. It came out as it was. There are many kinds of fish in the sea. That's what it looks like. He also said let the whales are that is big house, so they just were at once. All things in the world have been created. It's all there except man. However, man Himself molded the dust in order to be made in the image of God. How precious is it? That's why God don't want anyone to go to hell. Because hell was made for the devil and his angels. That is why **God so loved the world that He gave His only begotten Son** that all the unbelievers, all those who are now drinking, drugging, stealing, and fornicating, have already been made by God's hand in the wombs. The first man, Adam, was made of dust, but in the Psalms, David confessed. **In my mother's womb thou hast formed me.** Thou hast organized me. That's why God Himself still made it in the womb. Limbs don't happen by itself, how do they happen on their own? He made it from DNA. After all, God who made DNA, isn't that what happens? Look at the seed of each of you. Look at the seeds and the seeds of various grains. There are already flowers in the seeds. The stems, berries, and branches are all in it. That's just how it comes out. That's why the DNA in a person includes what he looks like, what kind of personality he has, all these things. When we say that God made the genes, we mean that He made them Himself. David said by the Holy Spirit that God made me in my mother's womb, but in practical terms, if you look at the scientific civilization that has been discovered, God made DNA. Just make the DNA and you're done.

Wouldn't it? In this way, the Holy Spirit said this through David, who knew nothing, and the person who speaks according to what the Holy Spirit causes him to say will never join his own thoughts. They proclaim God's word as it is, but they do not combine their own thoughts. The theologians were not converted. Because he doesn't

have understanding, when he reads the Bible, he is wrong with his own ideas and wrong with science, so he corrects it with his own thoughts. they ripped off 30,000 places and fixed them. The first translation of the words from the Latin to the German Bible into English, the words of King James of England from the original manuscript that came down from the Lutheran Bible to Antioch in Syria, the theologians took the devil's pawns and turned them over to their own ideas. So, in the Garden of Eden, if only change one word, the devil will take that one word and say, "Did God said you shall not eat?" God told you to eat, but did He tell you not to eat? At this one word, I looked at it, and it looked like it was good enough to eat, and it looked like it was greedy enough to give me real understanding. Even if you change just one word, you will not believe that man has fallen, but they have changed more than 30,000 places, especially since he has covered up all the divinity that Jesus is God. How is man God? I don't believe it. Now that yhey have done that, do you believe that Jesus is God? When you look at churchgoers these days, do you believe in Jesus? If you ask them, they say, I believe in God. I accepted God. But I don't know that Jesus is God. Why? The Bible has been corrupted. No one has ever seen a way to know that Jesus is God, so we can't know it except according to the words of the Bible. You can't know a person's personality without looking at their biography. How do you know? Someone you've never met. But even though I haven't met him, when I read his biography, I love him and admire him. Look at Buddha or Confucius. Isn't that what it is? How do you follow someone you haven't even seen? I don't think that's what he said. The word of God, the word written by the Holy Spirit, if this is wrong, then you will not know Jesus, and if you do not know that Jesus is God, then there will be no salvation. That's what the Devil does. That's why they put Jesus in the devil's place and treated Jesus as the devil, right? Once upon a time, the Jews. What did the Pharisees say? Jesus. They said that he was the devil-possessed. Instead, they treated Jesus like the devil. So now the theologians are the scribes of the edge. The Pharisees today are hypocrites, unregenerated servants of the Lord, and then the Sadducees are liberals who do not believe in the power of God. They just changed the names. There is nothing new under the sun. They just changed their name, so even if people read the Bible, they wouldn't know who it was. A long time ago, when I was reading the Bible, **the words [There is nothing new under the sun] just came to mind, and** it was like, Oh, I see it.

It stayed that way. They just changed the name, it's a slap in the face. Like a fox, the devil changes the name so people don't know about it. Well, Belshazzar was the last king. But imagine inviting a thousand people to a feast like this. That's huge. By the way. At this time, while this feast was being held, King Cyrus of Mede and Persia was encamped outside the city with an army that had invaded Babylon. But that city in Babylon was an impregnable city. So you guys can never invade us. There was a great deal of food in the city of Babylon, and no matter how much they besieged it, they had nothing to eat, so they fled, and Belshazzar knew that they could never capture this city, and Belshazzar was arrogant, and he said, yes, you guys, do as you please, we will eat and drink, and this is what you guys are doing. What a proud king. If you look at Esther, there was King Ahasuerus of Persia, right? That's when Esther became his queen, right? How prosperous was Persia even then? Right? Isn't Persia after Babylon? In the end, this is how it fell during the reign of King Belshazzar. Mede, by Persia. And at that time, too, in the third year of his reign in the palace of Susan, King Ahasuerus gave a feast to his viziers and subjects, to which all the princes of Mede, Persia, and all the local nobles, were invited, and he threw a party. No matter how many parties not compared to one in Washington D.C., it's not like this. We can see how powerful the ancient nations of old were. Now America is going away. It's getting weaker and weaker. Gold-head in Babylon, silver in Mede, in Persia, brass in Alexander, in Greece, iron in Rome, underneath toes are iron and clay. Doesn't it become less and less valuable as it goes down? If Babylon was like gold, how big would it be? You know Persia. We've learned it from world history. Iran right now. They're trying to find the glory of Persia. No way. They can't go upside down. It's all in vain. But this was a tragic banquet that led to the fall of Babylon. Usually, when nations are ruined, they feast at the end and perish. There were many times when rebels went in and killed the king and installed a new king. In the end, the feast held by the king of Babylon was a turning point in history. Through Daniel, God will appear after the head of gold, followed by silver. Mede and Persia will appear. As said, in order to accomplish that, King Belshazzar gave permission to do this. Now it's these scenes where the golden head is falling, and the arms and the chest are from the second kingdom of Mede and Persia, so it's both arms, right? Mede was King Darius, and Persia was King Cyrus. As God prophesied through Daniel,

we are now seeing the point at which history is changing. No matter how accurately historians describe world history

Even if it is written, nothing is as accurate as the Bible. Now, all of these verses, if you go to chapters 7 and 8, they give us a preview of what is to come in a vision. Last time we looked it up, didn't we? Now, as we have already seen in Daniel 1:1,2, we read that Nebuchadnezzar invaded the temple in Jerusalem and took all the taboos in the temple and stored them up in his storehouse. The reason why this happened is that during the time of King Hezekiah, Hezekiah suddenly became ill with a disease that caused his death. he was sick to death, so he turned to the wall and pleaded with God. When he prayed, God extended his time for 15 years more. So Isaiah brought a bunch of figs and told him to put them on the affected area, and he applied them and healed. He was so happy that he feasted, and the ambassadors of Babylon came and congratulated him. So Hezekiah was glad and showed all things in God's storehouse. God was angry. He showed the Gentiles everything in God's temple, and God finally repaid him. He repaid what he has done. That's why he let them take it all. Things didn't happen during the time of King Hezekiah, but in the next king, there was a problem. Now, if Babylon invaded and won, all the nations would take all the spoils if they won the war, so of course they took everything. In the end, it is a real shame that the nation of Israel was invaded by Babylon and all things in the temple were taken away. So Jews said they not recognize the book of Daniel as prophet. Isn't this a shameful history. Something like that. But God punishes Israel every time they sin. That's why Christians today are disciplined when they sin. If we commit a crime, we also shall be punished. That's when we have to endure it. Don't grumble. If we endure and endure, we will bear the fruit of righteousness and peace. He said: But people don't accept God's discipline very well these days. When discipline comes, they get angry and just resent and leave the church. What a childlike faith it is. Well, in the end, this King Belshazzar is going to be killed. After all, drinking and idolatry. There are these things, and as I said before, now God did this in order to get rid of this nation, but Belshazzar did it without knowing it. Belshazzar would not have been able to do this if he had known that his grandfather had been arrogant, and that he had become like a beast, and that he had spent seven years eating grass like an ox,

and that his fingernails and claws had become like the claws of an eagle, and that he had later repented and recovered. So, in the end, this grandson, Belshazzar, was quite a rebellious child. Now, when they saw the gods made of gold, and the gods of silver, and the gods of brass, the gods of iron, the gods of wood, what is this? Symbolizing all the wealth of today

Substances are made of these things. A lot of things are made of gold, right? Gold necklaces, gold earrings, gold bars, a lot of these things, right? Isn't it money? The same goes for silver, and the same goes for copper. Isn't all of this valuable? But these people have made a god out of it and are praising him. Now, what about today? What are you building with these now? We need to know that it is today's modern idols. And don't those who possess these things possess wealth? And when the world originally printed currency, it printed as much money as it had gold. It was the gold standard, the silver standard, right? Without gold, they couldn't print currency. Therefore, as much as there is gold, there is as much wealth as there is. When a person says he has money, he means that he has his gold in some kind of government warehouse. Nowadays, a note, a dollar, has become a worthless thing. But in reality, money is as good as gold. That's why nowadays, when we have money, they buy gold. They want to keep the gold. So, after all, if you look at the world today, all the religious groups, especially the CRF (Council on Foreign Relations) headed by Rockefeller, the Illuminati, these kinds of places, with their wealth, rule the whole world, and dream of a New World Order right now, right? After all, they own all the gold, silver, copper, brass, and brass that Babylon used to worship, right? Then there's the same thing as worshipping an iron or wooden statue of a god. That's why covetousness is idolatry. Wanting to have more of that is idolatry. The Bible says this in Colossians 3:5. That's why they worship these gods today, but they don't know that these are idols. They were serving them in old Babylon, but they didn't realize that they were idols. So look. In the future, during the Great Tribulation, when the calamities were about to overflow, people not repent, but worship the gods of gold, silver, copper, iron, and wood, and shall not repent to God. This is especially true during the Great Tribulation, folks. During the Tribulation, people get worse. This kind of thing happens more and more, when they pout at God, they revile Him even more. It's disastrous. What's made of wood these days? Don't all

Californian build houses out of wood? Do luxury houses are built out of wood? That's why all of these things are idols. That's why we don't follow it. A good car if they make more money. So it's not like the car is made of iron. In the old days, it was all made of iron, right? Because oil was cheap. Nowadays, the price of gas has gone up, so they just make it like plastic, they make it like a shell of paper, and when they hit it, it just crumbles, but if you look at the old American cars, they were made completely like cast iron and heavy, and how good was it? Look at that antique driver. Isn't it iron, isn't it a car? How much to try to get a good car

Are people in an uproar? These are all gods. This is what we need to know. So the finger appeared. One person's finger appeared, and you need all five fingers to write this, right? All the fingers were gone. Yes, it was writing on the wall. But then the candlesticks come out, right? Surely these candlesticks are the inscriptions that these people brought from the temple of Israel, all of which are covered with pure gold? The same goes for candlesticks. They put it up and mock God. In front of that candlestick, in front of that candlestick made of gold, they are feasting, drinking, and worshipping idols. **Exodus 25:37** says, "**Make a candlestick out of pure gold, and make it made of pounding pure gold.**" Candlesticks are made of pure gold. The candlestick is a type of the Holy Spirit, isn't it? The candlestick in the sanctuary is a model of the Holy Spirit, and the bread and bread inside, six and six symbolize the words of the 66 books of the Old and New Testaments. So, when we wash our hands and wash our feet in a basin of water, we confess our sins, and when the priest enters, we eat the bread in front of the candle. So, in the end, what is it? The bread, the bread, is the word of God, so I am the bread that came down from heaven, the bread. That's what Jesus did. What happens to eat it after all? The candlestick has to shine. You can't do without the Holy Spirit. Only when we have the Holy Spirit within us can we understand the Word with wisdom and understanding. Those who do not have the Holy Spirit do not know a single word of the word, no matter how much they look at it. We can't force ourselves to read it. So what happens when you are born again? When you are born again, there are many signs, but the first sign is that you want to hear God's word, you want to read God's word, you want to meditate on it, and you want to follow God's word. No matter how long you have been in church and he is a pastor, if you are not born again, you will not read the Word. I

never read or listen to the Word. And it doesn't change lives. The older it gets, the more money follows. You need to know that. It doesn't matter how he is famous . The person's life is getting worse and worse

Whether you follow money or God's word, this is what determines whether you have understanding or wisdom in the Holy Spirit. People pretend to be that, right? They pretend to have the Holy Spirit of God, but no matter how much they pretend to be, when they listen to the words, they know whether the words that come out of their mouths are the words of God or the words of men. The Apostle Peter did, right? **[If ye shall speak any word, as if ye were speaking the word of God, ye shall do some service. Do it with the power that God gives.]** Isn't it? The words change, and the service changes. We do our service with our God-given abilities, so no matter how much we work, we don't complain. However, those who do it on their own will complain and complain afterwards. So, if you are really not in the Holy Spirit in these last days, you will end up in trouble, and those people shall be in the church.

It causes problems. That's right. Those who pray just have to do what God says, and as long as the pastor and other believers obey God's word, there is no problem. Covering up the Word, They have made church laws, and they have made denominational laws, and oh, what laws are necessary? The Bible is the law. So you're doing the wrong things. Now, what a surprise that would have been. Fingers suddenly appeared, just fingers, fingers. So what a surprise it was that his back fracture was unraveled and his knee just hit. That's a crazy story. It's really unthinkable. Yes, he called all the astrologers, the wise men of Babylon, but who knows. No one knows. There was no one. Who does it? God does it, but how do they know? How do people with demonic spirits know? They can't do anything without God's help. God's Word cannot be interpreted without the help of the Holy Spirit. Where does the Holy Spirit lead? The Holy Spirit leads us to the truth. What is the truth? You mean, right? Therefore, the interpretation of this passage is guided by the Holy Spirit from Word to Word, no matter which verse you look at. It leads to the truth. It is the interpretation of Scripture that leads from Word to Word, oh yes, it seems to mean something like this. As I meditate, this is what it means. This is how I realized. Each person talks about what they understand and writes a commentary, and it's amazing. Never without being born again. Pastors, in particular, cannot preach or teach without going through the entire Bible. If I have this, he will give it to

me when I am preparing, but when I go up again, he will give me a Bible verse at that time and let me proclaim it with you. Nearly 50% of it is when I step up here. That's why I'm so blessed. That's why I'm so grateful. That's why I pray. May all who preach and hear be blessed. I pray this a lot, and it's the right thing to do. Because I'm experiencing it. The interpretation is God's. There should never be any arbitrary human interpretation of God's Word. Finally, let's **look at 2 Peter 1:20,21**. **[First of all, you shall know this, that no prophecy in the Scriptures is from private interpretation, for the prophecies are not formerly of the will of men, but are spoken by the holy men of God, moved by the Holy Spirit.]** The prophecies of the Bible, the Bible is all prophecy. The book of Genesis is also a prophecy. **[God created the heavens and the earth in the beginning.]** This is also a prophecy. Because he will create a new heaven and a new earth. It's all prophecy. But without the Holy Spirit, we don't know the prophecies that are in it. Almost all of the Psalms are prophecies. The Holy Spirit was in David, and He was in Asaph, and He was in the sons of Korah, and He was in Moses, and He prophesied what was to come. Moses did. **[Life is 70, and if you are strong, you are 80.]** This is a prophecy. At that time, he was over 100 years old

Lived. I mean, we only have 70 or 80 years to live. That, too, is a prophecy. It's all prophecy. Many people put their heads down in front of the evangelists to receive prophesy because the Bible is prophecy but they don't understand it.. Here are all the prophecies about each one of us. If you do this, you will be like this, and if you do that, you will be like that. That's how it's supposed to be. It's up to you. Oh, and that's all good stuff to talk about. When you say something good, you get excited and say you're just blessed, but the prophecy disappears. It's from people's hearts. False prophets of old prophesied as they pleased. So if their words don't come true, they are not prophets sent by me. They can be ignored. That's what I said. How many people are like that today. I can't even speak. That's the way it is these days. Without the Holy Spirit, we can never understand. Even the most ignorant people understand when they hear the words of the Bible. Even if you don't know the messenger, if you have the Holy Spirit, you can say amen. Why? It's because I realize. That is why we really kneel before these words and say, "I don't know anything," and ask the Holy Spirit, who gives us wisdom and understanding, so that we can understand them, and those who

understand them will do it. When we do, we are meant to bear fruit. Therefore, those who are born again by the Holy Spirit are destined to be fruitful by the Holy Spirit. You know them by their fruit, right? Those who are born again by the Holy Spirit know the fruit when they see it. He is not without fruit. I'm a religious person. You do it because you think in your own head. I will pray.

Thank you, Father God. Thank you for giving us a preview of what will come to pass today and what will come to pass through the events of the past. We can see the loss of the golden head and the rise of the silver country of Medepersia, and now Rome has fallen, the iron has been destroyed, and now it has become the age of toes mixed with iron and clay, and now, when the kings are set up by the Antichrist during the Great Tribulation, then thank you for giving us a preview of all these events that will come to the earth when the Lord will return to the earth. Thank You for reminding us through your Word that these things are right before us, that they are in the age of our toes, that the day of your coming is very near, and that the day of the rapture is near, when He will take us before the Second Coming of the earth. But when the world is dark, and the churches are in darkness, and they do not study the Word, because they do not have the Holy Spirit, they do not understand the Word, they do not know what is to come, they do not know what will happen to them, they wonder only what will become of them, what will become of their children, what will become of their own business, and they covetously worship idols of gold, silver, brass, iron and wood, and serve these things in the church, and speak the word of serving them from the pulpit.

It has been. Father, please help us to build this church upright, so that every single one of us will be born again, seeing the glory of the Lord in the Holy Spirit, bearing fruit, speaking the word of God as long as we speak, and serving the saints with joy no matter what service we do, with the power God has given us, loving them fervently, covering their faults, praying, interceding, and giving thanks. I thanked you and prayed in the name of our Lord Jesus Christ. Amen.
